POMPANO BEACH FIRE RESCUE – MONTHLY REPORT

EMS REPORT

FY 26' Capital Items

- We placed one rescue in the replacement plan. This rescue could have a 36 month build time.
- All (7) new Toughbooks are now in-service.
- We received one LP35 and it is being configured by IT department. Once configuration is complete, we will begin training crews in preparation for the planned upgrade from LP15 to LP35 in FY27.
- We are still waiting to take delivery of two Road Rescue vehicles that were from FY23'. These are the first two vehicles from this brand. We already have PO 340710 Type P, dated 12/13/2023 and expect the delivery date to be in May 2026.

FY 27' Capital Items

- We are placing two Rescues on the replacement plan for FY27. One Rescue is part of the normal replacement cycle and the second Rescue is to replace one that was totaled in an accident. Moving forward, we will continue the replacement plan of one Rescue truck each year.
- We are placing (7) ToughBooks on the replacement plan. These ToughBooks are used to bill for EMS transports, it is important to keep them working flawlessly. Moving forward, the plan is to replace the Rescue's ToughBooks every three years.
- We are looking at a program where we would get 9 LP35's all at current price and be able to pay for them over 5-8 years, preventing yearly cost increases. LifePak 35 is the newest version of our current Monitor/Defibrillators.
- We are placing one Lucas mechanical CPR device in for replacement.

FIRE OPERATIONS REPORT

FY 26' Capital Items

- • 78' Quint was delivered, in process of outfitting with equipment.
- • Placed one set of battery extrication equipment on Engine 24.
- • SCBA cascade system for Station 103 was purchased.

FY 27' Capital Items

- • One engine was placed in FY '27 budget as a request.

FIRE TRAINING REPORT

During the past month, the Training Division conducted and supported the following training initiatives:

- **Biomechanics Health & Safety Training** – Focused on injury prevention, movement efficiency, and firefighter wellness
- **Fire Pumps & Master Streams Training** – Hands-on evolutions emphasizing pump operations, water supply, and large flow applications
- **Foam Operations Training** – Included set-up and deployment of both onboard and non-onboard foam systems
- **New Hire Processing** – Conducted **Physical Ability Tests (PAT)** and participated in candidate interviews
- **Elevator Safety Class** – Training on elevator operations, hazards, and rescue procedures
- **Newly Promoted Officers Class** – Leadership development and transition training for recently promoted personnel
- **Vector Solutions Training (Ongoing)** – Continued department-wide compliance and required coursework tracking
- **First Due Training (Ongoing)** – Implementation and continued training on pre-plan and response software platform
