

November-December 2022 Project Dashboard Project 19354 Collier City Improvements and Lighting Conversion

PRIME CONSULTANT:

City of Pompano Beach

GO BOND DIRECTOR: HORACIO DANOVICH PROJECT MANAGER: FERNAND THONY, PE CURRENT PHASE: CONSTRUCTION

APPROVED BUDGET:

\$3,000,000

PROJECT OBJECTIVES

Replace outdated, energy inefficient sodium halide light fixtures with new, greener LED-based units. The City worked to identify two (2) models and styles that can be installed City-wide. The decorative model will be used as much as possible, except when concrete poles cannot be retroffited. The goal is to replace as many units as possible throughout the City as described in the table below.

PROJECT LOCATIONS AND SCHEDULE WITH UPDATES
