

# Office of Housing and Urban Improvement Public Notice – Re-opening of Waiting List

The City of Pompano Beach Office of Housing and Urban Improvement (OHUI) is reopening its waiting list for low income City residents seeking assistance through the Housing Rehabilitation and Emergency Repair Programs.

The Housing Repair Program helps make necessary improvements to ensure that homes are safe and meet current code requirements. Eligible repairs include correcting code violations, weatherization, roof, plumbing, and electrical issues.

The Emergency Repair Program addresses items that present an immediate danger to life, limb, property or safety of the public or the home’s occupants.

Approximately \$500,000 in funds will become available for use by the Housing Rehabilitation and Emergency Repair Programs. City residents may begin calling the Office of Housing and Urban Improvement (OHUI) beginning on Tuesday, November 12, 2019 for initial eligibility screening. Persons whose names are placed on the list will have their homes inspected by the OHUI Housing Inspector, who will determine whether their homes are in need of eligible repairs. Those in need of eligible repairs will then be invited to complete Program applications. Applications will be accepted on a first-come, first-completed, first-served basis, with a preference given to veterans and special needs homeowners as required by law. Residents must have owned and occupied their home for the past year, have a recorded deed in their name, and be up to date on property taxes and mortgage payments. **Mobile homes are not eligible.**
