B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2024-2025, 2025-2026, 2026-2027

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Special Needs Households
a. Very low

- b. Low
 - c. Moderate and up to 140% if allowed under the specific strategy
- After Special Needs Set-asides are met
- a. Very Low
 - b. Low
 - c. Moderate and up to 140% if allowed under the specific strategy

- J. Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include, but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.
- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides

periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except those small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	All Administrative Duties	10%
Third Party Entity/Sub-recipient	N/A

An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

EXPEDITED PERMITTING

(a) The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects, as provided in s. 163.3177(6)(f)3.

Procedure to implement this strategy: Once a project is identified as an affordable housing project, reviewers have five days (5) to review and process the plans for affordable housing. If on the third submittal, the resubmitted plans are not 100% corrected, the contractor will then be required to submit his plans through the normal permitting process for a building permit.

ONGOING REVIEW PROCESS

(b) The establishment of a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.

Procedure to implement this strategy: The OHUI is part of the Development Review Committee distribution list in accordance with Section 155.2207. CITY STAFF (B)(2)(b) and receives notification of all DRC agendas and projects.

MODIFICATION OF IMPACT FEES

(c) The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.

Procedure to implement this strategy: The developer of affordable housing can request impact fee waivers through the County. The Office of Housing and Urban Improvement using grant funds currently pays the impact fees for contractors performing work under its housing programs to reduce the cost of housing to low and moderate-income homebuyers.

FLEXIBLE DENSITIES

(d) The allowance of flexibility in densities for affordable housing.

Procedure to implement this strategy: Flexibility and densities for affordable housing can be captured through the use of flexibility units for residential and commercial land use designations as well as the County's mixed income housing policies 2.16.3 and 2.16.4. The County's policies allow for generous land use density bonuses that vary based on whether the affordable housing deed restricted for 30-years is very low, low or moderate income. The City requires Applicants to use these policies if their projects are eligible. The City created incentives if the County policies are used including 1.5 times the density allowed in commercial zoning (up to 69 du/ac) and expedited review for projects needing an allocation of flex units.

AFFORDABLE ACCESSORY RESIDENTIAL UNITS

(e) The allowance of affordable accessory residential units in residential zoning districts.

Procedure to implement this strategy: Section 155.4303 of the City's zoning Code allows accessory Dwelling Units. On January 25, 2022, the City Commission adopted a new affordable housing incentive by allowing accessory dwelling units to be built without the need to calculate density for those unit. The property owner must record an affidavit that runs with the land that ensures that the accessory unit will be rented at affordable rates to individuals or a family that meet the definition of extremely low; very low; low; or moderate income.

PARKING AND SETBACK REQUIREMENTS

(f) The reduction of parking and setback requirements for affordable housing.

Procedure to implement this strategy: Affordable housing projects taking advantage of the Residential Planned Unit Development process can determine what parking requirements and setbacks their project will have. Additionally, the City allows for major and minor administrative adjustments at varying percentage rates from code requirements. Deed-restricted workforce and/or affordable housing can be used to demonstrate a public benefit to compensate for the requested modification of standards.

FLEXIBLE LOT CONFIGURATIONS

(g) The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.

Procedure to implement this strategy: Flexible lot configurations (including zero lot line) are currently permitted in RS-4, all RM districts, and the DPOD district. Additionally, affordable housing projects can consider the RPUD process, which can offer further flexibility in private development.

MODIFICATION OF STREET REQUIREMENTS

(h) The modification of street requirements for affordable housing.

Procedure to implement this strategy: If modification of streets are desired, modified streets can be permitted by rezoning to the planned development process.

PUBLIC LAND INVENTORY

(i) The preparation of a printed inventory of locally owned public lands suitable for affordable housing.

Procedure to implement this strategy: A full-time Real Property Manager is responsible for maintaining and updating the list and associated map of all City-owned real property. Properties acquired by the City are evaluated to determine if they are suitable to develop as affordable housing. Properties being developed as affordable housing by the City's Office of Housing and Urban Improvement (OHUI) are identified on the real property inventory and map.

SUPPORT OF DEVELOPMENT NEAR TRANSPORTATION HUBS

(j) The support of development near transportation hubs and major employment centers and mixed-use developments.

Procedure to implement this strategy: The City has two transit-oriented districts — The Downtown Pompano Transit Oriented District and the East Transit Oriented Corridor. The ETOC or East Transit Oriented Corridor is a district that allows mixed use development with commercial uses on the first floor, primarily along US 1 and Atlantic Boulevard, and residential units on upper floors. Affordable housing must be addressed in any land use plan amendments that increase permitted residential units by more than 100 units. To meet County requirements in the ETOC, 15% or 360 units of the additional 2,399 units will be affordable housing or the developer will have to pay an in lieu of fee into the City's Affordable Housing Trust Fund to buy out of the affordable housing requirement. That fee was recently raised by 428% from \$2,333 per unit to \$10,000 per unit.

OFFICE OF HOUSING AND URBAN IMPROVEMENT

HOMEOWNER SUBORDINATION POLICY AND REQUEST FORM

(Revised September 21, 2021)

(Return This Form with Required Documentation, if applicable)

POLICY STATEMENT

Upon written request, the City of Pompano Beach may consider the subordination of its mortgage(s) for refinancing proposals that will not seriously affect the affordability of the property or security of the public investment.

To outline the practices and procedures, which utilized by the Office of Housing and Urban Improvement (OHUI) to determine if the City will subordinate its loan to another lending institution, the policy to grant subordination based on the following criteria:

1. The original borrower has been approved by the holder of the first mortgage for a loan refinance or modification that will reduce the borrower's monthly first mortgage payment through reduction of the principal loan amount, reduction of the loan's interest rate, extension of the loan 's repayment term, or a combination of any those factors; and
2. At least (1) year has passed since work was completed, or two years have passed since the original borrower's last subordination; and
3. The original borrower continues to own and occupy the home as its primary residence; and
4. The original borrower is experiencing financial hardship which would be benefited by securing a lower interest rate on his or her first mortgage accompanied by lower payments; and
5. The new monthly payment included escrows for taxes, and insurance, and represents between 30%-45% front and back ratio of a borrower's gross monthly income; and
6. The new first mortgage interest rate is at least two percentage points below the original first mortgage, and/or as a result of the monthly savings, the borrower should be able to recoup (break-even) the loan closing costs within 3-5 years; and
7. The new loan origination fee, point, commitment fees, buy down fees and other lender charges do not exceed 2% of the loan amount; and
8. The first mortgage shall be for a term no longer than 30 years; and

9. The mortgage is fixed rate; and
10. The borrower does not receive any cash out for any purpose, including but not limited to, bill consolidation loans, lines of credit, future advances, personal loans, medical collections, other mortgages or encumbrances or liens, and;
11. Property insurance and taxes must be escrowed for annual payment for the life of the loan; and
12. The borrower has must have sufficient equity in the home so as not to displace the City beyond a 95% loan to value ratio; and
13. If the borrower has a payment type loan, the account must be current; and
14. Property taxes must not be delinquent.
15. The CITY WILL NOT subordinate if we are in 1st position.
16. Borrower must submit proof of the homeowner's insurance. Borrowers interested in seeking approval from the City's Office of Housing & Urban Improvement to subordinate a first mortgage must:
 - Write to the City of Pompano Housing & Urban Improvement Office requesting the City subordinate to their lender and authorizes the lender to receive information regarding their loan for the purposes of the refinance.
 - The Lender must provide the details of the loan being requested such as a copy of the truth in lending statement, a copy of the appraisal and a copy of the projected settlement costs.
 - Provided additional information as needed to establish that the loan is strictly for a reduction in payment/interest rate and that the lender is not charging rates or providing terms that will in some way fall under the category of predatory lending practices.
 - The City must review a copy of the CD-1 Closing Statement prior to release of the City's executed Subordination Agreement. If a title company faxes the CD-1 to the City when completed, and supplies their FedEx (or overnight carrier) account number, the City will overnight, fax, if acceptable, the executed Subordination Agreement, if in agreement with the figures on the CD-1.

- All requests for subordination will require a minimum of 15 working days and you will be notified of the final determination.
